

COLORADO HERITAGE PLANNING GRANTS – ROUND TWO PROJECT LIST

PROJECT	PARTNERS	DESCRIPTION	AMOUNT
Pueblo Common Development Code	Pueblo County, City of Pueblo, Town of Boone and Town of Rye	The project will develop a "Combined Development Code" for the Pueblo region, as a means of implementing the recently completed Pueblo Regional Development Plan. The coordinated development process will preserve prime agricultural land, provide for more efficient infrastructure development, and preserve the vitality of Pueblo's urban core.	\$55,000
Southwest Colorado Impact Fee Study	San Miguel County, Lake County, Town of Mancos, Town of Creede and City of Durango	The project will assist five rural communities in conducting analyses of growth and development patterns in order to develop an impact fee structure to assist in recovering public infrastructure costs associated with growth.	\$100,000
Teller TEAM WORX	Teller County, City of Cripple Creek, City of Victor and City of Woodland Park	Teller County, three municipalities and two school districts will jointly develop an analysis of alternatives for future recreational services delivery and location, as a means of preserving quality of life in this growing region.	\$15,000
San Juan Skyway Heritage Initiative	Ouray County, San Juan County, San Miguel County, Montezuma County and the Town of Rico	The multiple public and private partners will conduct mapping and develop an action plan to identify and protect locally identified agricultural, natural and historic landscapes. Project includes a public education and awareness piece.	\$95,000
Gunnison Basin Joint Review Process	City of Gunnison and Gunnison County	The project consists of training of city and county officials to implement a joint development review process created by a new Three Mile Plan Intergovernmental Agreement, and of development of a handbook for local government officials.	\$3,710
Lowry Range Long-Range Planning Opportunity	Arapahoe County and City of Aurora	An expert advisory panel will be convened to assist state and local government partners in developing plans for development of the 40 square mile Lowry Property, owned by the State Land Board as part of its Stewardship Trust.	\$75,000
Economic and Social Effects of Second Homes in Mountain	Town of Vail, Eagle County, Grand County, Jackson	The project will analyze the impacts of second home development on growth rates, housing values, job generation,	\$75,000

Communities	County, Pitkin County and Summit County	community values and services. Project will create strategies and model ordinances to address these impacts.	
Steamboat Springs Area Transportation Impact Study and Mitigation Plan	City of Steamboat Springs and Routt County	A traffic impact study and mitigation plan will result in development of plans, policies and regulatory tools to address impacts on the regional transportation network.	\$35,000
Northwestern Colorado Wildland Fire and Fuel Management Plan	Moffat County and Rio Blanco County	Multi-jurisdictional effort to implement a wildfire plan to protect growing rural populations by managing vegetation and establishing policies on defensible space.	\$30,000
Summit County Natural Hazards Mapping Project	Summit County, Town of Montezuma, Town of Breckenridge, Town of Dillon, Town of Frisco, Town of Silverthorne and Town of Blue River	Project will incorporate natural hazard mapping into master planning process in order to create a natural hazard overlay, assisting planners and elected officials in limiting new development in backcountry areas where hazards exist.	\$30,000
Regional Affordable Housing Authority Initiative	City of Glenwood Springs, Town of Basalt, Town of Carbondale, Eagle County and Garfield County	Creation of a regional housing authority in the rural resort region. Project will also include development of a workbook to assist other communities in developing regional affordable housing solutions.	\$52,500
Regional Transportation Policy Project: The North Front Range Template	City of Loveland, Town of Berthoud, Town of Windsor, City of Fort Collins, Town of Timnath, City of Greeley, Town of Johnstown, Town of La Salle, Town of Evans, Garden City, Larimer County and Weld County	Project will provide growth scenario planning, policy modeling and visualization tools for citizens, planners and elected officials during the planning and implementation stages of long range transportation planning.	\$27,000
Cherry Creek Smart Growth for Clean Water: Partnership Facilitation Process and Continuous Greenway Study	City and County of Denver, Arapahoe County and Douglas County	Project would develop an Intergovernmental Agreement between jurisdictions to guide development and conservation measures in the Cherry Creek Watershed. Project will also include a study on establishing a continuous greenway along Cherry Creek.	\$30,000

Rural Healthy & Sustainable Growth Project: Chaffee County	Chaffee County, City of Salida, Town of Buena Vista and Town of Poncha Springs	Development and implementation of a regional master plan to address issues of affordable housing, economic development, watershed protection, and community infrastructure planning.	\$30,000
TOTAL			\$653,210
